ENDLESS POSSIBILITIES

Your guide to majors and programs of interest at the San Diego Community College District

SAN DIEGO
COMMUNITY COLLEGE
DISTRICT

ENDLESS POSSIBILITIES!

San Diego City, Mesa, and Miramar colleges, and the San Diego College of Continuing Education offer endless possibilities for your career journey with a wealth of opportunities for pursuing your education. We strive to make our students successful by dedicating our resources to quality instruction and stellar support services.

The San Diego Community College District (SDCCD) has a reputation of transferring more students to the University of California (UC) and the California State University (CSU) systems than any other district in the San Diego region. SDCCD's classified professionals and faculty are committed to student success. As one of the largest community college districts in California, we offer outstanding programs that lead to associate degrees, university transfer, vocational certificates, and skill advancements.

Whether you are planning to attend a four-year college or university, or planning to head directly into a career upon completion, we can give you the preparation you need to succeed.

Our colleges and Continuing Education campuses will provide you with technical skills and knowledge that can make you a competitive applicant in today's challenging economy. We offer many opportunities to help you achieve these goals, including cutting-edge technology, hands-on learning, completion programs, and much more.

USING THIS GUIDE

We know that selecting a career pathway is an important decision. This guide is designed to provide you with information and tools to help make that decision.

This guide includes a list of all the programs offered throughout City, Mesa, and Miramar colleges, and Continuing Education campuses. At a glance, you will be able to discern whether a program is credit or noncredit, which degree or certificate is offered, and much more.

If you have questions, or would like to learn more about a variety of offerings, visit the main SDCCD website, at sdccd.edu, where you can find direct links to each of the colleges or campuses you are interested in exploring. Class schedules, college catalogs, and key contact numbers are all available to help you along on your academic journey.

Disclaimer: While every reasonable effort has been made to ensure that the information in this publication is accurate, it must be understood that the information contained herein is subject to change or elimination without notice by the administration of the San Diego Community College District. Students should consult the appropriate campus or department for current information, as well as for any special rules or requirements imposed.

FREQUENTLY USED TERMS

COLLEGES/CAMPUSES

SDCCD has colleges and campuses throughout the San Diego region. Please see the codes listed on page 5 of this brochure. Some courses are offered "off-campus" at other locations.

COLLEGE CREDIT UNITS

Units earned will be counted to satisfy program requirements. This is a unit of measurement, usually related to the total hours of instruction in a course. In general, one hour of lecture a week during a specific term or semester equals one unit of credit.

FINANCIAL AID

Money made available to help students pay for the cost of attending college. In California, many students use state, federal, institutional, and private financial aid programs to help them cover college costs.

NONCREDIT PROGRAM HOURS

Indicates the amount of time to complete a noncredit course. Most classes are self-paced and you may enroll anytime as space is available. Many classes are free and personal enrichment classes are low cost.

PROGRAMS

A series of required and elective courses designed to meet specific career or transfer goals leading to a degree or certificate upon successful completion. Some programs are designed as direct preparation for immediate entry into a career. Other programs allow students to transfer to a four-year degree program at a university upon completion.

SUPPORT FOR YOUR SUCCESS

CALWORKS

The CalWORKs programs at our colleges and Continuing Education are designed to assist welfare recipient students and those in transition off of welfare in achieving long-term self-sufficiency. Specialized student services have been designed to support students in their career, education, and personal goals. The programs are also set up to help students understand and meet their Welfare-to-Work requirements. Some of the student support services offered include vocational and academic counseling. Work study and job placement may also be available.

CAREER PREPARATION

We offer a wide range of services to help you plan for your career.

COUNSELING SERVICES

The Counseling Services centers provide academic advising (occupational and transfer), as well as career and personal counseling.

DREAMER SUPPORT PROGRAM

The Dreamer Support Program provides guidance, support, and resources to undocumented and mixed-status students, and their families. The program seeks to ensure greater equity of resources and services for undocumented students across the District by expanding and centralizing the coordination of legal services, community outreach, student outcome tracking, and research.

DISABILITY SUPPORT PROGRAMS AND SERVICES (DSPS)

DSPS provides special services for students with learning and physical disabilities. Resources include test proctoring, interpreting services, priority registration, and adaptive devices.

EXTENDED OPPORTUNITY PROGRAMS AND SERVICES (EOPS)

EOPS is a state-funded student support services program. Its purpose is to provide special recruitment, retention, and transition services to eligible students. The services offered are “above and beyond” those offered by a college’s Student Services division. The primary services include assistance in the following areas: priority enrollment, counseling/advisement, and preparation for transition to four-year colleges and universities. For detailed information on all services offered and application procedures, please contact the EOPS offices located on campus.

FINANCIAL AID

City, Mesa, and Miramar colleges offer you a great education at an affordable cost. Financial aid in the form of grants, work-study, and low interest loans is available to those who qualify. Our Financial Aid offices are dedicated to providing financial resources to help you pay for your educational costs, such as enrollment fees, books, supplies, and even transportation costs for those who qualify.

HONORS

Honors is a flexible program consisting of three components that give you the option of a core curriculum, stand-alone courses, and special honors contracts, which all provide for a rigorous course of study. For more information, contact the Honors Program coordinators on campus.

LEARNING COMMUNITIES

Learning Communities combine classes that complement each other and offer students an opportunity for a richer learning experience. Classes are linked with a common theme, shared goals, and activities. In a Learning Community the same group of students enroll together in two or more classes. Although these classes are often from different disciplines, they are taught by a team of innovative and dedicated professors who plan their courses around a common theme. In addition, community projects and group experiences focus on an understanding of respect and diversity.

LEARNING SERVICES

Each of our colleges provides high-quality academic tutoring to help students excel.

SCHOLARSHIPS

Academic and public service scholarships are offered to students through both private and public resources, as well as foundations. Each year, our college foundations award over \$250,000 in scholarships to students. Our friendly staff can direct students to scholarship opportunities offered on campus, locally, and nationally.

STUDENT EQUITY

The Student Equity Program (SEP) supports and promotes student success in underrepresented student groups. SEP provides students with specialized resources that ensure access, retention, certificate completion, and transition to expanded educational opportunities.

TRANSFER SUCCESS PROGRAMS

The colleges offer guaranteed admission programs with many four-year institutions, including the UC and CSU systems. Our transfer centers serve as resource centers for information about attending the four-year university of your choice. Additionally, thousands of students transition each year from Continuing Education noncredit programs to credit classes at City, Mesa, and Miramar colleges. Support services, classes, and programs specific to the goal of helping students transition include counseling, Credit by Exam agreements for certificate programs, English as a Second Language transition to college classes, and high school diploma/equivalency classes.

VETERANS AFFAIRS

The Veterans Affairs Offices provide support tailored specifically to United States Veterans in pursuit of furthering their education. Children and spouses of disabled veterans may also be eligible for additional benefits.

SAN DIEGO COMMUNITY COLLEGE DISTRICT: AT A GLANCE

FOUNDED
1914

LOCATIONS

Three colleges:
San Diego City College (downtown San Diego)
San Diego Mesa College (Kearny Mesa)
San Diego Miramar College (Mira Mesa)

Seven campuses of San Diego College of Continuing Education: César E. Chávez, CE at San Diego Mesa College, CE at San Diego Miramar College, Educational Cultural Complex, Mid-City, North City, West City

FACULTY

An award-winning faculty — 90% hold a master's or doctoral degree.

OVER 400 AREAS OF STUDY AND PROGRAMS OF INTEREST

Associate of Arts Degree, Associate of Science Degree, Associate Degree for Transfer, and many certificates.

San Diego Mesa College is one of 15 community colleges in the state offering a bachelor's degree under the state's community college baccalaureate program. Contact Special Admissions, (619) 388-2684, for more information about Mesa College's Health Information Management baccalaureate program.

MONEY MATTERS

One in three students receive financial aid and thousands of dollars in scholarships are offered each year.

CAMPUS COMMUNITY

Numerous student organizations, special events, and other opportunities are available to help you connect with the campus community.

ATHLETICS

Intercollegiate sports are offered districtwide.

ONLINE EDUCATION

Learn anytime, anywhere with our convenient and flexible online courses that fit your busy schedule. We offer hundreds of transferable online courses each year.

ENROLLING IS EASY

1. ADMISSION APPLICATION

Applications for admissions to San Diego City, Mesa, and Miramar colleges are available online. Students can access the online application at apply.sdccd.edu.

2. APPLY FOR FINANCIAL AID

To apply for financial aid, applicants must complete the Free Application for Federal Student Aid (FAFSA), or a California Dream Act application for all financial aid, including the California College Promise Grant – CCPG. To complete your FAFSA, go to fafsa.gov. To complete a California Dream Act application, go to dream.csac.ca.gov.

3. ORIENTATION

The orientation program provides important information to students about the programs and services available at the colleges, as well as strategies for student success. The orientation is usually divided into two parts — an online orientation information program and a one-on-one meeting with a counselor.

4. ASSESSMENT

Assessment is a process designed to assist students in determining which English, math or ELAC courses they should start with.

Assessment via College Application: Students who graduated from a U.S. high school within the last 10 years will receive the placement levels based upon high school performance information that is provided on the application for admissions (CCCApply).

Assessment via Placement Assistant: Students who have graduated from a U.S. high school more than 10 years ago, completed the GED, or HiSet are eligible for this assessment.

5. EDUCATION PLAN

Education plans outline a suggested pathway for a student to take based on their major, transfer plans, or other pertinent objectives. Counseling and career planning services are available to help students make informed decisions concerning the programs and courses available.

6. REGISTER AND PAY

You will receive an email with your assigned registration date and time. Register online via your mySDCCD portal at myportal.sdccd.edu. For additional information, please visit sdccd.edu/future-students/registration/index.aspx.

7. FOLLOW UP WITH A COUNSELOR

Follow-up services are available to all students as part of the college's commitment to student success.

HOW TO REGISTER FOR CONTINUING EDUCATION (NONCREDIT) CLASSES

Many noncredit, short-term Job Training/Certificate Programs at Continuing Education require orientation prior to enrollment; however, many are open-entry/open-exit, which means you complete classes at your own pace. If orientation is required, a counselor will help you register for a session. Contact Student Services at a Continuing Education campus that's convenient to you (see back for locations).

College Locations:

C: San Diego City College
 M: San Diego Mesa College
 MM: San Diego Miramar College

San Diego Continuing Education Campus Locations:

CCH: César E. Chávez Campus
 ECC: Educational Cultural Complex
 MCC: Mid-City Campus
 NCC: North City Campus

COME VISIT US

While on campus during the COVID pandemic, various safety protocols may be in place and must be followed at all times. Our colleges offer self-guided tours and special group tours by appointment. Our team of outreach staff offers workshops throughout the year to help you learn about special programs, admissions, majors offered, and much more. Prospective students can visit the SDCCD website at studentweb.sdccd.edu. For more information, contact one of the campuses below:

SAN DIEGO CITY COLLEGE

San Diego City College
1313 Park Boulevard
San Diego, CA 92101
(619) 388-3496
sdccity.edu
